HEALTH REPORT FOR PAST YEAR

WHAT HAS BEEN ACCOMPLISHED BY THE DEPARTMENT.

MUCH WORK WAS DONE

Many School Surveys, Public Lectures, Child Hygiene Work and Clinics.

The report of the Nodaway County Health Department for the year 1922 was filed today by Dr. C. P. Fryer, county health officer, with the county court. The full report follows:

The Nodaway County Health Department in cooperation with the Missouri State Board of Health, United States Public Health Service and International Health Board, took over the Health work in Nodaway County the last week in January, 1922. A Ten thousand Dollar budget is provided for this work, the county providing Five Thousand Dollars and the other participating agencies, the Missouri State Board of Health, United States Public Health Service and International Health Board, providing Five Thousand Dollars.

This work is under the direction of Dr. Thomas Parran, Jr., Director of Rural Sanitation of Missouri State Board of Health, and the County Health Department is conducted in accordance with the plan outlined herein. The personnel consists of Full time Health Officer, Two Public Health Nurses and One Technical Assistant.

EDUCATION.

Realizing that one of the most important factors in Health work is of an educational character we have endeavored to carry on a continuous campaign of education, with a view of educating the people in disease prevention and health promotion. This work has been carried on through public and school lectures, college lectures, newspaper articles, clinics and the distribution of literature.

(a) School Lectures.

The public school is the great broadcasting station in each community. We have endeavored to do as much educational work as possible in the public schools of the county, as by this means the information given the children will be carried to the homes and the parents will be reached indirectly, and in time will have the cooperation of the parents. I am glad to say that we can see results of this plan as the parents are cooperating and showing an interest in public health work.

(b) Public Lectures.

Public lectures have been given in different parts of the county upon general health subjects, especially the contagious diseases and their prevention.

The Chamber of Commerce has been very cooperative in this work and have given us their assistance in reaching the people through their community meetings at which their farm films were shown. Also, asking me to explain the work of the Health Department of one of their banquets.

While Dr. Eagle, federal veterinarian, in charge of Eradication of Tuberculosis in cattle, was organizing the townships for the testing of cattle, I talked at a number of the meetings on Bovine Tuberculosis as a Public Health Problem.

(c) College Lectures.

By invitation, I gave a course of lectures to the Vitalized Agriculture Students, of State Teachers College. These talks were along the lines of prevention of diseases, especially the communicable diseases of childhood, which would be of interest to them as teachers, child hygiene and, also, covering the subject of sanitation of the school and sanitary disposal of human excreta. The Pitt Type Toilet (approved by the State Board of Health) was recommended for use in rural schools.

Total number of lectures given (School, Public and College) 299

Total Attendance 8988

(d) Annual School Directors' Meeting.

I talked to school directors at their annual meeting on the laws of the State Board of Health in regard to the sanitation of their schools, with special regard to the toilets and adequate water supply.

(e) Newspaper Articles.

We have published from time to time a number of articles dealing with disease and its prevention and other phases of public health work.

Total news articles 620

(f) Clinics.

We have conducted office clinics for infants, pre-school and school children every Saturday.

(Continued on page 4)

MUSIC AND TALKS LAST NIGHT AT THE C. OF C. LUNCHEON

Lyceum Trio and Community Singing Furnished Music—New Entertainment Committee Named

A good crowd attended the Chamber of Commerce luncheon last night at the Bainum Hotel. Community singing was enjoyed by the members led by Byron James with Walter Nixson presiding at the piano. The Maitland Entertainers, the lyceum trio, gave several numbers at the luncheon. J. C. Raborn, manager of the Auto Club here, gave a short talk and Leslie G. Somerville, county superintendent, gave a short talk on the county school films, that are just nearing completion and to be shown for the first time, January 18 at the First Christian Church.

The new entertainment committee for the next four weeks appointed last night by the president, Fred R. Wolfers are: Sherman Montgomery, chairman, Lawrence Schumacher and F. C. Miller.

WATCH AND WAIT U. S. POLICY NOW

EUROPEAN REMEDIAL MEASURES NOW SUSPENDED

SILENCE ON TROOPS

Official Washington Is "Mum" on Return of Yanks from the Rhine

Washington, Jan. 9.—With French soldiers actually on the march, all American moves of soothing or remedial nature are now completely suspended, it was officially stated today.

Only one avenue remains by which the United States would bring forth an adjustment plan and that is for all the Allied powers to ask the American officers to help in salvaging from the differences that confront them. This policy was stated with the great positiveness by chief advisers prior to the meeting of the cabinet.

Absolute silence reigns in regard to the American troops on the Rhine. Whether they will be ordered home immediately in line with the resolution passed by the Senate last week, or left on the banks of the Rhine, with whatever "stabilizing" influence they may have there, was officially sidestepped.

The impression is that the future of the Yanks depends upon "eventualities," and to all appearances at least, the administration's policy has simmered down to one of watching and waiting the events as they happen—with some apprehension.

KLAN OPENLY BRANDED AS CAUSE OF "HOODED MURDER

Witness Today Places Full Responsibility of Mer Rouge Reign of Terror on Invisible Empire.

Bastrop, Jan. 9. — The "Invisible Empire," with its secret and far reaching ramifications, was openly branded today with the full responsibility for the "reign of terror," in Morehouse Parish, which culminated in the hideous murders of Watt Daniels and Charles Richards.

These charges were openly made today by J. T. Norsworthy, former Klan captain and sensational witness for the state. Norsworthy, short in stature, smiled calmly through the testimony while the crowd in the courtroom moved forward in their sets to catch every word. In his testimony he broke down the veil of secrecy and bared to the world, the intimate details of the "reign of terror." He identified J. K. Skipworth os exalted cyclops of the Klan and Dr. McKoin, former mayor of Mer Rouge, as captain of the Klan there and declared that they directed the activities.

NEPHEW OF C. T. PORTER INSTANTLY KILLED BY TRUCK

C. T. Porter, living north of Maryville, has received word of the death of his nephew, Don Porter of Rose Hill, Kan., who was instantly killed January 1 when run over by a truck loaded with lumber. While trying to jump on the truck the boy's foot slipped, throwing him underneath the heavily loaded truck. Don was thirteen years old and was the younger son of Mr. and Mrs. H. B. Porter, who formerly lived in Maryville. Besides his parents he is survived by two brothers, Harold and Jay. Funeral services were held January 3 in Rose Hill, and burial was in a cemetery near there. Mrs. Porter is a sister of Mrs. Al Bolin, living south of Maryville.

PRESBYTERIANS TO HAVE NOVEL STUNT

PRESBYTERIAN MAGAZINE NIGHT FOR WEDNESDAY EVENING.

G. H. COLBERT IN CHARGE

Program Has Been Arranged and the Church Men and Women to Talk on Different Topics.

At the Wednesday Church Night Services of the Presbyterian Church, January 10 at 7:30 o'clock, the men and women of the church will have full charge. George H. Colbert, one of the elders of the church, has prepared the program.

The program is made up of talks based on articles in the recent California Issue of "The Presbyterian Magazine" which is the official magazine of the Presbyterian Church. This is to be the first of what may develop into a series of "Presbyterian Magazine Nights."

The topics and speakers are as follows:

The Home Land—California.

1. "The Valleys of Visions"—Mrs. Sam McClurg.
2. The Work of the Church—Mrs. P. Allison.

The Far-Away Land — Siam (The Land of the White Elephant)—Mrs. Colbert.

The Christian College—C. E. Wells.

The Country Church—George R. Murray.

The Blue Laws of God—Fred French.

The "Ads" (i. e. their helpfulness)—G. H. Colbert.

The regular stated meeting of the officers of the church will be held at 8:30 after the first item of the Church Night Services is over. In addition other committees will meet for transaction of important business.

Wednesday has been one of the important nights in the program of the Presbyterian Church this fall and winter. Two courses of study have been conducted. The first was "The Four-Fold Task of the Presbyterian Church." The second was the Church School of Missions, studying India. At intervals basket dinners have been held, and slide lectures used to make more vivid and vital the educational work.

The same sort of work is projected for the months to come.

VIRGIL GRAY FINED $1000 AND ONE YEAR IN JAIL

For Selling Liquor. A Marked $5 Bill Used in Evidence by Prosecution

Virgil Gray was fined $1000 and sentenced to one year in the city jail this morning in police court on a charge of selling intoxicating liquor. Yesterday Gray was fined on a similar charge and the warrant for this one was served as soon as yesterday's trial was over.

O. P. Bartholomew, the prosecuting witness testified that he had taken a marked $5 bill and given it to Gray for a quart of corn whiskey. He said that the bill was marked in his presence by Mayor Robinson.

Gray appealed the case to the circuit court. He was represented in police court by W. G. Sawyers.

MAITLAND ENTERTAINERS GIVE GOOD LYCEUM COURSE NUMBER

Trio of Young Men in Vocal and Instrumental Numbers Pleases Crowd Last Night

A small but appreciative crowd greeted the Maitland Entertainers last night at the First M. E. Church in the third number of the Oxford's Class lyceum course. The company was composed of Tom Baldridge, first tenor and violinist, W. J. Van Dyke, second tenor and pianist, and R. S. Pearson, baritone and saxaphonist.

A varied program, cleverly executed was given by the entertainers and was greatly encored by the audience. Some of the most popular numbers were, "The Holy City," saxaphone solo, "My Indiana Home," instrumental trio, "Long Long Trail," vocal trio, and two piano solos by Mr. Van Dyke. The company will show at Fortesque, Missouri tonight.

The next number on the lyceum course is "The Bubble." Edward Locke's appealing play of dialect, humor and pathos. This play was coached by Wm. J. Keighley of the production department of the Redpath Bureau who is known in Maryville because of his many successes in plays on the chautauqua platform.

BARNARD I. O. O. F. HOLDS INSTALLATION LAST NIGHT

Following Installation, Rebekahs Serve Oyster Supper—Maryville Delegation Attends

Nine members of the Maryville I. O. O. F. lodge attended the installation of officers of the Barnard lodge last night. Following the services an oyster supper was served by the Rebekahs. The officers installed were: N. G., P. D. Strong; V. G., L. A. Strader; C., R. E. Cook; P. G., L. D. Goforth; Secy., Ed Adams; F. Sec., W. E. Thompson; Treas., Geo. W. Cole; R. S. N. G., E. R. Nelson; L. S. N. G., Ray Davis; R. S. V. G., Lee Cook; L. S. V. G., Dean Campbell; I. G., J. F. Kelley; O. G., W. A. Ware; R. S. S., Leslie Lucas; L. S. S., N. J. Myrick.

Those attending from Maryville were Marion Smith, Henry Trullinger, A. D. Cook, Amos Sprecher, Guy Eads, S. S. Murdock, Clarence Phipps, Dewey Eads and John Touhey.

COUNTY WILL CONTINUE HEALTH WORK

APPROPRIATED THEIR PART OF THE EXPENSES.

FRYER STILL IN CHARGE

Dr. Parran, Jr., Director of State, Praises Highly Work of the Department.

The Nodaway County Health department will be continued for the coming year, the county court at their session this afternoon deciding to appropriate their share to expenses of the department. The county's share is $5,000. The balance of the fund, $5,000, is divided between the Missouri State Board of Health, United States Public Health Service and the International Health board.

The work of the county health department is under the direction of Dr. Thomas Parran, Jr., director of rural sanitation of the Missouri State Board of Health. Dr. Parran was in Maryville today in conference with the county court about the coming year's plans, for the health department.

The continuation of the health department will mean that Dr. C. P. Fryer will remain for the coming year in charge of that department. Dr. Fryer has made good and the health work of this county is spoken of as being better than any other county in the state.

Dr. Parran spoke in the highest terms of the work that has been accomplished here during the past year under Dr. Fryer. Other counties have noticed what has been accomplished in this county about health work, Dr. Parran said.

Judge E. T. Bailey of the county court said the county has been freer of contagious diseases the past year than any year he has any record of. Two years ago, the county supported their own health department with no outside assistance. At that time the expenses of the department were over $11,000.

By the county joining in with the State Board of Health, the United States Public Health Service and the International Health board, the expenses to the county is about one-half what it was before.

The report of the department for the past year will be found elsewhere in this paper.

MUNICIPAL CHORUS WILL NOT REHEARSE TONIGHT

Owing to Absence of Charles R. Gardner, Who Underwent Throat Operation in Kansas City

The municipal chorus, which meets every Tuesday night, will not practice tonight on account of the illness of Charles R. Gardner, dean of music of the College, and director of the Chorus. Mr. Gardner underwent a minor operation on his throat in Kansas City last week and will not return home until later in the week. He is still weak from the operation, but expects to direct the chorus rehearsal next week.

SENATOR LAFAVOR ON SEVERAL COMMITTEES IN THE SENATE

Senator LaFavor of Parnell is on several committees of the senate. He is a member of the railroad and internal improvement committee; university, teacher training, normal schools, agricultural college and school of mines; and printing and joint printing.

PARK WINS FROM S. T. C. 29 TO 16

PLAYERS FAIL TO USE MEANWELL STYLE OF PLAY

COLLEGE GIRLS WIN

From Local High School Sextet In a 39 to 1 Game

When a coach tells a team to do one thing and they turn around and do another they usually lose. The basketball game last night between the State Teachers College and Park College was no exception to the rule. For a week Coach Maynor has been instructing his men in the Meanwell style of basketball. Last night they went into the game and played anything but that and they lost. The score was 29 to 16.

Park had a long shooting team. Time and again shots from near the center of the court found their mark and at least ten points came as a result of these long heaves.

Miller was the outstanding player for the Bearcats. He scored three times from the field and his dribbling and passing was good. Ellis, at guard, also played well but two men cannot win a basketball game. Of course the rest of the team supported them but the play in general lacked punch and pep.

Crop was the outstanding star for the visitors. He shot five field goals and played the floor well.

In a preliminary game the State Teachers College girls team swamped the local high school girls in a 39 to 1 game. The Raines sisters, Mabel and Evelyn, were too much for the high school girls. They scored almost at will and were supported well by the centers. The College guards performed well.

The lone point for the high school girls came when Marie Chandler, forward, shot a free throw late in the last half.

The girls game was refereed by Howard Leech of the College and Coach Lawrence of the High School officiated in the boys game.

The score of the College-Park game:

MARYVILLE (16)

	G.	F.T.
Miller, f	3	0
Egley, f	3	2
Allan, f	0	0
Brown, c	0	0
Haun, c	0	0
Kirby, g	0	0
Ellis, g	1	0
Wilson, g	0	0
Total	7	2

PARK (29)

	G.	F.T.
Peeke, f	3	0
Crop, f	5	0
Fishburn, c	4	1
Dallam, g	2	0
Morris, g	0	0
Total	14	1

The Bearcats will go to Liberty Thursday for a game with William Jewell that night. The next day they will go on to Cameron for a game with Missouri Wesleyan Friday night.

The College girls will also go to Cameron Friday where they will meet the Wesleyan girls in a preliminary to the boys game.

H. G. LAGER OF CLYDE DIES IN ST. JOSEPH HOSPITAL

Death Followed Operation Two Weeks Ago—Funeral Thursday At Clyde and Burial There

H. G. Lager of Clyde died at 10 o'clock this morning at the Sisters' Hospital in St. Joseph following an operation two weeks ago. Funeral services will be held at 9 o'clock Thursday morning at St. Benedict's Church at Clyde and burial will be in St. Columbia cemetery.

Mr. Lager was forty-one years old and besides his widow, is survived by eleven children, Henrietta, Agnes, Leo, Anna, John, Mary, Bernadine, Benedict, Herman, August and Mary Rose, all living at home. Two sisters, Mrs. F. Coppersmith and Mrs. Albert Myers of Clyde and three brothers, Fred Lager of Clyde, Benedict Lager of Ravenwood and Joe Lager of Argyle, Mo., also survive. For nineteen years the family resided on a farm, four miles northeast of Clyde, and two years ago moved to Clyde where Mr. Larger was in charge of the telephone exchange.

VERA HUGHES ELECTED TO TEACH LATIN AT M. H. S.

She Takes Place of Mrs. J. K. Sawyers, Jr.—Miss Hughes a Graduate of M. H. S. and S. T. C.

Miss Vera Hughes, daughter of Mr. and Mrs. D. M. Hughes of Maryville, has been elected by the school board to teach Latin in the Maryville High School for the second semester of this year. Miss Hughes will begin her work here January 15. She has been teaching in the Fairfax High School this year. Miss Hughes is a graduate of the Maryville High School and of the State Teachers College. She taught for four years in the Oregon, (Mo.) High School.

Miss Hughes takes the place of Mrs. J. K. Sawyers, Jr., who was elected to teach only for the first semester in the place of Miss Hazel Perry, whose illness prevented her from doing school work. As Miss Perry was unable at this time to resume her work, Miss Hughes was elected.

ENGLISH WOMAN EXECUTED TODAY

FIRST ENGLISH EXECUTION OF A WOMAN IN YEARS.

SAY, "I AN INNOCENT"

Last Word of Convicted Woman on Gallows, Denies Guilt of Husband's Murder.

London, Jan. 9—In the cold gray drizzle of a rain, Mrs. Edith Jessie Thompson was hanged this morning in the court-yard of the Halloway jail at 9 o'clock for the murder of her husband. At the same time Hugh Bywaters her 20 year old lover, convicted on the same charge went to his doom on the scaffold at the Pentonville prison.

Death was instanteanous in both cases. It was understood that the bishop and prison chaplain visited Mrs. Thompson early this morning, asking her if she wished to make a confession.

"I am prepared, I have nothing on my soul for I am innocent," she declared. Both executions were strictly private according to the English custom and but a handfull of officials were present. Mr. Thompson was the victim of the illicit lover on October 4, after his wife had been successful in her effort to poison him.

Mrs. Thompson collapsed as the hour for the execution drew near. She lapsed into unconsciousness but in her lucid moments called for Bywaters. Bywaters calmly smoked a cigarette before the fatal black thread was placed around his neck. Heavy clouds were floating overhead and a crowd of curious people gathered on the outside of the prison yard. Police were ordered to dispere the curiousity seekers.

Inside, the doctors and nurses were working over Mrs. Thompson, soothing her and administering restoratives. The nurse bather her forehead with cold clothes as she weeped. Her face was drawn and haggard, her eyes wild and she was almost a nervous wreck. Bywaters spent a quiet night and thanked the jailers for their treatment.

As he started upon his last earthly journey, in going to the scaffold, he approached the officers saying, "Good morning gentlemen." He stood while the black cap was adjusted to his head and walked to the gallows with a firm step. It is understood that Mrs. Thompson was carried to the gallows. To the last Bywaters protested her innocence saying, "Edie is innocent."

H. S. HONOR STUDENTS AVERAGE 90, 89.91 AND 89.21 GRADES

The average of the honor students of the advance Senior Class which graduates this month were announced by Superintendent L. E. Ziegler. George Newman was named valadictorian with an average of 90. Lillian Hall is salutatorian with the average of 89.91 and Bernice Orcutt was close third, making an average of 89.21.

RUTH MILLER HEADS 1922 S. T. C. GIRLS B. B. TEAM

Ruth Miller was yesterday elected captain of the State Teachers College girls basketball team for this year. The election was held after practice yesterday. This is Miss Miller's second year on the team. She plays running center and was last year one of the mainstays of Coach Miss MacLeods team of champions.

FRENCH CONTINUE ADVANCE ON RUHR

TROOPS PENETRATED NEUTRAL ZONE TO KETTWIG

PAYMENTS IN DEFAULT

Inter-Allied Reparation So Votes Today With British Opposed—Belgium Troops Active

Brussels, Jan. 9. — Active military preparations are under way here today to support the French occupation of the Ruhr. Belgian troops are reporting to be moving towards the frontier.

Essen, Germany, Jan. 9.—French advance guards penetrated upon the neutral zone to Kettwig, half way between Dusseldorf and this city, according to advices received here. The French advance guard was comprised mainly of railroad men and engineers with equipment.

The heavier formations of the French, comprised chiefly of soldiers, are reported to be immediately behind the advance guard.

Kettwig is a railroad town, seven or eight miles north of Dusseldorf and a similar distance southwest of Essen. It lies approximately half way over the northeast boundary of the neutral zone.

Paris, Jan. 9—The Inter-Allied Commission on the German reparation today declared Germany in default of her coal and coke payments as specified in the Versailles Treaty. France, Belgium and Italy voted in favor of the declaration of the default while Sir John Bradbury, British representative voted against it.

Shortly after the commission met and declared the default, it was announced that notice of such action would be sent to all of the Allied governments later in the day. At the preliminary meeting yesterday, Germany was asked why it had failed to make the promised deliveries. The failure was not explained and a second meeting was held today.

The German explanation was deemed insufficient and the deliveries of coal and coke was declared in default. It is expected that a default on the wood payment would be made in a few weeks.

The motion declaring default was made by ex-Premier Barthour of France, chairman of the reparation committee. A faction of the cabinet wished that the French would delay German occupation and Italy urged that they wait until January 15 to occupy the Ruhr Valley. On this date it is expected that Germany will default in the payment of 500 million gold marks of indemnity.

It is understood that Marshall Foch opposed the occupation of the Ruhr until Monday evening. He declared that it would be necessary for mobilization to carry out the occupation sucessfully. Poincare opposed mobilization, but Foch finally gave in and the march of occupation of Essen began.

Sir John Bradbury, British representative, made the following statement to the press in regard to his voting against the default:

"Although I recognize the wartime suffering of France, I was unable to vote for a default of serious magnitude when the default measures were entirely out of proportion to the gravity."

ST. MARY'S DRAMATIC CLUB PLAY WAS BIG SUCCESS

"An Arizona Cowboy" Directed by Noah Thompson, Pleases Audience Last Night—May Repeat Play

An Arizona Cowboy, the four act melodrama, presented by the Wonder Why Dramatic Club of the St. Mary's Parish, last night at the church hall, was a success. The play, a comedy, was well presented and was pleasing to the audience.

All of the characters were well chosen and each fit his part to perfection.

The play was directed by Noah Thompson and a net sum of $85 was cleared.

Mr. Thompson has offered to present the play for the benefit of the Welfare Board.

Mr. and Mrs. Alfred Crater and Mrs. David Crater of Ravenwood visited in Maryville today.

THE WEATHER FORECAST

Fair to-night and Wednesday; colder to-night in the extreme east portion, rising temperature Wednesday in the west and north portions.

LARGEST CIRCULATION IN NODAWAY COUNTY

Ain't it funny? A man gets up in the morning after sleeping on an advertised mattress; put on an advertised collar; eats an advertised breakfast food; smokes an advertised cigar; looks to see what day of the week on an advertising calendar; rides in an advertised automobile; and when an advertising man calls to show him that it pays to advertise, he exclaims: "I don't believe in advertising." Can you beat it?

Home, The Best Investment.

A home is the safest investment that you can make in this world.

No dividend or financial return begins to compare with the pleasure and the price-less benefit that comes to the family owning a home.

The pride that develops through owning your own home is not and cannot be compared with any other sort of business investment.

"A home of my own" should be the positive ambition of every man and every woman, here and Hereafter.

No personal pleasure of the mundane sore is greater to the human soul than to be able to say "I own a home."

You may become rich.

You may become famous.

You may acquire your basic objects in life—but if you do not attain to the owning of your home you have missed the one goal of all earthly awards, the place of all places where joy and true happiness are (or should be) supremely in command, the human forerunner of a Heavenly Home in the City of Eternal Delight!—Jewell Mayes, Secretary, Missouri State Board of Agriculture.

THE CALLING HABIT.

People o fthe older generation are often pained to find that people do not make social calls as they used to do. Fine people will move into some towns where they are strangers, and will feel slighted because people do not call on them. If they attend the services of some church, they often find fault because the members of the parish do not come to their homes.

The custom of making social calls seems to be dying out. Many men dislike it. They groan when their wives remark that they owe this or that call. They may have a fairly good time after they have put on their store clothes and have made the necessary visit, but the proceeding appears too formal and starched for them. They would rather go to some club or lodge and play games and talk informally.

The women are using the telephone which does away with one motive for calling. This is an energetic age and people prefer to do some active thing rather than sit around the sides of a room in stuffed chairs and talk, and many of them would rather be burning up gasoline than staying indoors.

MEETING RED PROPAGANDA.

Alarm is felt by many people at the spread of radical propaganda in this country, much of it said to be financed by the soviet Russian government. The number of radical publications in this country has nearly doubled within the past year. Red agitators go about stirring up class feeling, creating discontent and preaching that the working classes of the country will never be happy until there is a revolution.

Some folks would have all these agitators locked up in jail. But it is doubtful if that would get results. Such a course would enable the near-radicals to raise the cry that free speech is not permitted and "liberal" thinkers are persecuted.

About the only way to meet sophistry is by plain facts and argument. People should study facts carefully and learn that radical theories are not workable. They may observe that these notions have been tried out again and again, and have never been found to work. They might well note the misery and suffering that has resulted in Russia from the adoption of radical ideas.

Issofar as the present government of this country is faulty, the people who desire change can get it modified, whenever they get a majority of the voters on their side. They have every opportunity to promote their views.

Wherever they can get a majority vote, they can experiment with socialistic projects to their heart's content. If they can show that their theories work out more human happiness than those now embodied in our government, their ideas will be widely followed. But people should pay little attention to them, as long as they merely rave and theorize, without giving practical demonstration of the merit of their proposals.

Farm Loans at lowest interest rates; easy terms. It will be to your advantage to call or write The Walton Trust Company, Michau Building, Maryville, Mo. tf

Forumettes

The best things of life
Never appeal to a lot of
Us until some other fellow
Goes and grabs them off.

It looks like getting a liberal education and learning to spend money liberally go together, the father of a young man who is away at college remarked to us the other day.

A lot of us would be better off if we did just one thing at a time. Look at the hen. She lays one egg at a time and does a good job of it.

One of our office manager friends says that his office has the most efficient girl in town. She spends all her time preparing systems and schedules for her work and has no time to do her regular work.

The average farmer's idea of a carefree retired life would be to move to Maryville and run a restaurant.

Uncle Abner says opporaunity belongs to every man who has brains enough to improve it.

A certain man went to a fortune teller to have his mind read. While she was doing it she suddenly slapped him in the face.

Christmas now seems far in the rear. Have you noticed the few of the perpetual desk calendars which some men got for Christmas are being kept up to date?

The reason so many people fail to hear opportunity when it knocks is because they are doing the same thing themselves.

Louise, the stenographer, says she has always noticed that boasting self-made men always worship their creator.

A Maryville bachelor says he knows a man who has been married 30 years and stays home with his wife every night. He is paralyzed.

Perhaps the reason the average girl can't catch a ball when it is thrown to her is because it is so much easier to catch the man who throws it.

The federal government will send you a booklet entitled "How To Keep Cellar Dry." A lot of men would like to get a booklet telling how to keep it wet.

Vagrant Musings.

Having a low auto number is not a thing to be desired as the cops can read it too easily.

A caustic tongue may sting but it never helps its owner.

The reason some men never know when they are well off is because they never get that far.

The one regret of the average politician is that he has not enough fingers to get in the pile.

The wise man works for his money and then makes his money work for him.

The Virtues Of Yesterday.

You could cross Main street any place and not have to worry about getting hit.

DEMOCRATS REDUCING LEGISLATIVE CLERKS

Senate and House Democrats Are Determined to Save Taxpayers' Money

By MEANS RAY

Jefferson City, Jan. 9—Reduction of the number of clerks in the House of Representatives from more than 250 to a total of 123, including all officers and employes, was the first stroke of economy which was made by Democratic Legislators who are in control of that body. A like reduction in the number employed in the Senate has been forecast by President Pro Tem W. R. Painter and Senator Frank H. Farris, Democratic leader. Democratic leader. Democratic leaders in both branches express a determination that the affairs of state be returned to an economical status which marked the party's rule for more than forty years.

The clerical force committees in the Senate and House are composed of men who are anxious that expenditures be kept to the minimum. In the Senate Senator Nick Cave of Fulton is chairman with Senators Kinney, James, McMurry, Anderson of Scott, Democrats; Pickett and Warner, Republicans.

The Houseclerical committee is headed by Representative Dale of Ray county, whose policies are in keeping with the party's campaign pledges.

Speaker Oak Hunter of Randolph, in assuming his position, declared economy must be the watchword. "We have two women in this House and I am glad to welcome them as members of the Democratic party," said Speaker Hunter, "and we must look well to the interests of the taxpayers of Missouri or we will see more of them here in the future."

Senator Farris, Democratic floorleader, says the practice of employing officers from outside of the state by the Hyde administration will be the subject of some investigation.

Representative D. L. Bales, Democratic House leader, says some of the first measures to be presented this week will be for the repeal of the State Tax Commission, reduction of the state tax rate, equalization of salaries paid clerks in the various state departments, repeal of the State Beverage Inspection Department, and the issuance of $4,500,000 bonds to complete paying bonus to Missouri's former service men.

The opening of the Legislature was enlivened by discovery of an effort to fraudulently collect $7,822 by unknown persons on a bill against the state which had been paid and the fact that W. H. Crouch, secretary of the State Mining Bureau, had cashed the salary warrant of the stenographer in his office and retained a portion of the salary each month. Democrats plan to change the form of state warrants in order that this evil may be thwarted. Crouch has since resigned. Crouch is said to have come here as a personal appointee of Governor Hyde in order to do some publicity work on the side for the Governor. Crouch formerly resided at Bethany.

Raise Better Stock.

Washington, Jan. 9.—Pure-bred livestock, based on utility value alone—apart from breeding or sales value—has an earning power approximately one-half greater than scrub stock the average superiority of pure-breds for all classes of farm animals being about 40 per cent, according to the Department of Agriculture.

NATIONAL THRIFT WEEK TO BE OBSERVED FROM JAN. 17 to 23.

Week Will Start On Franklin's Birthday Anniversity—One Phase of Thrift for each Day.

National Thrift week, a nation-wide movement fostered by the Y. M. C. A. in co-operation with forty other civic, commercial, educational and religious national organizations, will begin Jan. 17 Benjamin Franklin's birthday, and continue until Jan. 23, with these objections: To enroll 500,000 families in a budget league to manage their income on the budget plan: to observe nationally the birthday of Benjamin Franklin, apostle of thrift: and to organize 5,000 thrift clubs in industrial and commercial organizations. The schedule of National Thrift Week:

Jan. 17, Wednesday—Bank day.
Jan. 18, Thursday—Budget day.
Jan. 19, Friday—Life Insurance day.
Jan. 20, Saturday—Own-Your-Home day.
Jan. 21, Sunday—Share-With-Others day.
Jan. 22, Monday—Pay-Bills Promptly day.
Jan. 23, Tuesday—Make-a-Will day.

The purpose of Thrift week is to stimulate the indivudal to think straight and act wisely in regard to personal money matters in the realm of spending, saying, investing and giving.

The program is based on ten economic principles; work and earn; make a budget; record expenditures; have a bank account; own your home; carry life insurance; make a will; invest in safe securities; pay bills promptly; share with others.

The national thrift committee of the Y. M. C. A., under whose direction the work is put on, has headquarters in New York, under the chairmanship of Adolph Lewisohn.

Thrift week always begins on the birthday of Benjamin Franklin, whose adages pertaining to thrift are known the world over. The movement is given the indorsement of the American Bankers' Association. The day will probably be observed in the schools and business institutions in suitable ways.

What action will be taken by the local clubs and that Y. M. C. A. during the week has not yet been decided.

MOVING PICTURES ARE TAKEN OF H. S. AGRICULTURE CLASS

Moving pictures of the Maryville High School agriculture class in operation were taken yesterday by F. R. Marcell and will be made a part of the Nodaway County school film. Scenes were taken of the prescribed apparatus for making country butter. This equipment is a part of the labratory equipment of this class. Pictures were then taken of the class testing the commercial milk for formaldihido and other preserving chemicals. Another scene was shot of the class testing the cream for oleomargarine qualities.

Dr. Frank C. Wallis Here.

Dr. Frank C. Wallis of La Feria, Texas, arrived in Maryville today for a several days' vsit here. Dr. Wallis located at La Feria with his father, Dr. William Wallis, Sr., and his uncle, Frank M. Wallis, last September, on a small tract of land. They are very much pleased with their new location. Dr. Wallis' sister, Mrs. Lafe C. Allender and son, William Wallis Allender of Atlantic, Iowa, are now at La Feria spending the winter with her father.

6,285 INSPECTIONS PER CAR

The faithfulness of performance so universally remarked in Dodge Brothers Motor Cars, is due, in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

A trained staff of 1100 experts is employed in this work alone, and approximately 5,285 inspections are made on each car.

So exacting and rigid are the standards applied to these inspections that the slightest variation, either in workmanship or material, is sufficient cause for immediate rejection.

Dodge Brothers are almost over-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.

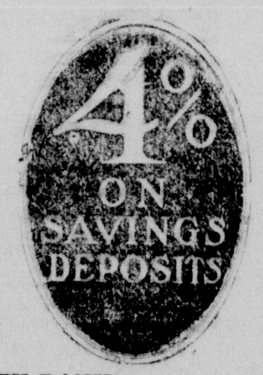
THE VALUE OF SAVING

"Save surely, steadily and wisely, so as to be able to spend judiciously in a time of need which will probably be greater than that of the present."

We welcome new accounts of One Dollar or more. We have a Bank Book waiting for you.

Oldest bank in the county. More than fifty years of service. Liberty Bonds bought and sold.



NODAWAY VALLEY BANK
Maryville, Mo.

Society

Douglas Homemakers Club.

The Douglas Homemakers Club will meet Thursday afternoon at the home of Mrs. Louie Schulte.

W. C. T. U. Meeting

The W. C. T. U. will meet at 2:30 o'clock Wednesday afternoon at the home of Mrs. S. S. Wolcott, 215 South Market street. A good attendance is desired as important business will be considered.

Royal Neighbors Meet Wednesday.

The Royal Neighbors will meet at 2:30 o'clock Wednesday afternoon at Modern Woodman hall instead of Thursday. The change in time is made on account of the joint installation Thursday night with the M. W. A. Lodge.

Successful Club.

The Successful Club will be entertained Thursday afternoon at the home of Mrs. Lena Pfeiffer near Skidmore. The members will be given New Year's resolutions in response to roll call.

Mrs. Lewis Hostess.

Mrs. Martin Lewis, Jr., was hostess to the Brides' Bridge Club this afternoon at the home of her parents, Mr. and Mrs. J. D. Richey on South Walnut street. The guests included, besides the club members, Mrs. M. C. Long of Lebanon, Ind., the guest of her daughter, Mrs. Luther A. Richman, and Mrs. Glen Reece.

C. C. Club of Swallow District.

The C. C. Club of the Swallow district will meet at 1 o'clock Thursday afternoon at the home of Mrs. Charles Blagg. All members are urged to be present as a course in dressmaking will be started under the direction of the club's instructors, Mrs. Ernest Stafford and Mrs. James Evans.

Arts and Crafts Meeting

Twenty members attended the January meeting of the Arts and Crafts Department of the Twentieth Century Club at the home of Mrs. Harry Hudson on North Main street, yesterday afternoon. Mrs. F. S. King of the Tourist Department was a guest at the meeting. Mrs. J. C. Bruner, Mrs. Harry Todd and Miss Ruth Matter were appointed members of a committee to arrange a program for next year. The February meeting will be held at the home of Mrs. S. A. Roach.

To Speak at Club Luncheon

Mrs. E. M. Platt of St. Joseph, president of the First district Federation of Women's Clubs, will speak before the Twentieth Century Club January 25 on the occasion of the club luncheon at the home of Mrs. D. J. Thomas on North Main street. Mrs. Platt will have as her subject "County Federation." The committee which will have charge of arranging for the luncheon includes Mrs. D. R. Baker, chairman; and Mrs. C. C. Hellmers, secretary.

Farewell Party for Copelands.

Mr. and Mrs. Glen F. Smith entertained last night at their home, 318 East Lawn avenue, in honor of Mr. and Mrs. Edgar Copeland and son, Robert Edgar, Jr., who left this morning to make their home in Pittsburgh, Kan. Music, dancing and cards were enjoyed after which refreshments of sandwiches, coffee and cookies were served. Besides the honor guests, those present were Mr .and Mrs. Dewey Surdy, Mr. and Mrs. Claud Tabler, Mr. and Mrs. Harry Mack, Mr. and Mrs. Welby Branson, Mr. and Mrs. Otto McDaniel, Ellis Monroe, Teddy Surdy, Claud Tabler, Jr., Lois Surdy, Leonard Mack, Ervin and Wilma Dean Branson, Curtis Coe, Estelle Guthrie, Mr. Cornwell, John Henry McDaniel and the hosts. Mr. Copeland has been attending the State Teachers College as a vocational student.

Highland Club

The Highland Club will meet at 1 o'clock Friday afternoon at the home of Mrs. William Burr. The first lesson in garment making will be given under the direction of the club's instructors, Mrs. Pat Farrens and Mrs. J. C. Chesnut. Each member is requested to bring scissors, thimble, needles, thread, pins, tape line, three yards of cambric lining, and four yards of plain paper.

Announce Daughter's Marriage.

Miss Getha Anderson, only daughter of Mr. and Mrs. C. P. Anderson of Maryville, and Frank Schumacher of Pittsburgh, Pa., were married on the night of January 1 at the home of the latter's parents in Chicago. Following the ceremony Mr. and Mrs. Schumacher left for Pittsburgh, where they will reside, the bridegroom being engaged in the manufacture of candy. The bride is a graduate of the Maryville High School and for the last six months had been taking a course in nurse's training in a hospital at Omaha.

Hughes-Parsons.

Miss Irene Hughes, daughter of Mr. and Mrs. Dwight Hughes, living three and a half miles east of Graham, and Charles Parsons of Rosendale, were married last Saturday afternoon in St. Joseph. The couple will be at home on a farm near Rosendale. The bride is a granddaughter of Mrs. Luella Cook, 714 North Mulberry street.

ATTORNEY-GEN. DAUGHERTY IS EXONERATED ON IMPEACHMENT

Washington, Jan. 9—Harry M. Daugherty, attorney-general, was exonerated today by the House judiciary committee of the impeachment charges brought against him, by Oscar E. Kellar, of Minnesota. The vote was 12 to 2. The Democrats favored going before the House with the impeachment charges. Kellar was censored by the committee for failure to produce the evidence as he had been ordered by the investigating committee.

"AGRICULTURE IN NODAWAY COUNTY" AT GAYNOR TONIGHT

George A. Pickens, secretary of the Chamber of Commerce will go to the Gaynor School tonight to show the films. "Agriculture in Nodaway County." A program by the pupils under the direction of the teacher. Miss Eulalia Kysar will be given before the pictures are shown.

Spent the Day in St. Joseph.

Harvey L. Haines, Horace F. Leet, E. E. Williams and R. P. Hosmer drove to St. Joseph today in the Haines car to spend the day.

INVITATIONS GO OUT TODAY FOR SCHOOL SCREEN PARTY

Superintendent Somerville Sending Them to County Superintendents, And Other Educators

Invitations are being sent out today by Leslie C. Somerville, county superintendent to the "Screening party" of the new Nodaway County educational film, which will be shown for the first time at the Christian Church on January 18. These invitations are being sent out to the nineteen county superintendents in the Northwest Missouri district, all school superintendents of Nodaway County and other prominent educators. The following is the invitation being sent out:

On January 18th at 7:45 p. m. the County Superintendents, Chamber of Commerce and the State Teachers College will give a screen party, or first showing of 4,500 feet of the first "movie" of its kind in the United States, entitled "And the Truth Shall Make You Free" which includes the following things:

In this film is shown the work in vitalized agriculture, which has made Nodaway County famous throughout the nation. Of school improvement which Nodaway County has made in the past year, to wit: Consolidation and transportation, standardization and renovation of many rural school plans, activities in physical education, community meetings and the final climax the Nodaway County rural school day, at which seventy-seven floats were entered and over 4,000 school children present.

We roof with some degree of pride that this film is epoch making in the annals of rural education and community activities. This is an unusual piece of Visual-Education of which we are justly proud and hope it is of enough importance to merit the attendance and approval of the educators in Missouri, therefore, we respectfully request your presence at the screen party as our guest.

JACKIE COOGAN'S GREATEST SUCCESS IN? "OLIVER TWIST"

Picturization of Dicken's Novel Pleases Large Crowd at the Empire Theater Last Night

That little Jackie Coogan has finally come into the period of his greatest possibilities was the opinion of a capacity house at the Empire Theatre last night when "Oliver Twist" was presented. An inherently vigorous story has been welded of pieces of the original Dickens' novel. Lon Chaney's performance of the role of Fagin will add laurels even to that much and honorably bedecked actor. Many will claim it to be his most vivid and imaginative creation. Gladys Brockwell's Nancy Sikes was begun in a sordid key and developed with finely graded touches to heights of self-sacrificing nobility. "Oliver Twist" is one of the most notable contributions to the screen ever made and thoroughly in accord with the best interests not only of the American public but of the American Theater.

The picture will be shown tonight for the last time at the Empire Theater.

A marriage license was issued today to Oscar Ashbrook and Esther Marjorie Leonard of Burlington Junction.

HEALTH REPORT FOR PAST YEAR

Continued from page one

During the summer, we conducted out-of-town clinics, commencing May 9 and ending August 12, at the following places: Hopkins, Parnell, Quitman, Ravenwood, Maryville, Graham, Pickering, Conception Junction, Guilford, Arkoe, Elmo, Wilcox, Clearmont, Skidmore and Burlington Junction. Also clinics at the following annual picnics: Barnard, Elmo, Ravenwood and Graham Chautauqua.

A Nutrition Class, consisting of twenty underweight children, was conducted at the Washington School, here in Maryville, to demonstrate the necessity of a proper diet for the school child. The children who were not suffering from physical defects made a decided improvement while those suffering from physical defects did not respond to diet alone. Eight of these children have now had their corrections made.

Total attendance at clinics:

Infants and Pre-schools	503
School children	773

(g) Literature.

The distribution of health literature has been of great educational value.

Total Bulletins distributed	4223

CONTROL OF COMMUNICABLE DISEASE.

(a) Quarantine.

Prompt and efficient quarantine measures have been carried out through the year, according to the laws of the State of Missouri and Regulations of the State Board of Health. Epidemiological investigations have been made of the contagious diseases reported to this office.

When I took up the duties of Health Officer of Nodaway County, there was an epidemic of scarlet fever in the county and by the quarantine and epidemiological investigations and with the co-operation of the physicians, school teachers, and parents we have been able to record a decided decrease in the number of cases reported.

(b) Cases Reported.

The co-operation of the school teacher has been a deciding factor in the prevention of the spread of disease, by notifying the Health Department of disease in their school, or district. We immediately investigated the conditions and took the necessary preventive measures.

The following contagious diseases were reported for the year 1922:

Scarlet fever	79
Whooping Cough	37
Chickenpox	4
Influenza	238
Diphtheria	30
Smallpox	4
Typhoid	3
Rabies	1
Measles	3
Visits made to cases, contacts and suspects	217

(c) Immunization.

Smallpox vaccinations	126

These were mostly children of rural schools close to Iowa line.

Typhoid, Inoc.	21

These twenty-one complete innoculations were given chiefly to students in attendance at State Teachers College.

Diphtheria	0

There has been no epidemic in the county. These cases appearing endemically.

Tuberculosis (visits)	42

We have investigated all cases of tuberculosis reported to us and the nurses have made home visits. School children have been carefully examined for incipient cases from suspected families. We are co-operating with the State Sanatorium, Mount Vernon, Missouri, in visiting cases that have been dismissed from this institution. We are, also, examining applicants for admittance to the Sanatorium.

(d) Venereal Disease.

There has been no venereal disease problem in this county.

(e) Diagnostic Facilities.

Through the courtesy of Mother Superior of St. Francis Hospital, we have had the use of the hospital laboratory. This has been a great help to the department in suspected diphtheria and tuberculosis work.

Water Analysis: Through the courtesy of Bacteriologist Leeson, of the State Teachers College, we are having our water analysis done for this department.

Child Hygiene.

When we started this work, the Red Cross had examined all of the school children, with the exception of about twenty schools. We finished the physical examinations of these school children. The physical examinations of these school children revealed many physical defects that should be corrected.

With a view of getting this correction work done, we organized a public health clinic which was held at St. Francis Hospital, through the courtesy of Mother Superior, who offered us the hospital facilities free of charge. We have held five clinics at St. Francis Hospital and seventy-two children have been able, by this means, to have their physical defects corrected. We feel very grateful to the hospital and to Doctors Persen, Dowell, F. M. Martin, Frank Wallis, who donated their services for this work.

Total found defective	555
Total defects found	1185
Total number corrections	292

Infant Hygiene.

Infant hygiene clinics have been held at the office and in fourteen other towns in the county and at Barnard, Elmo and Ravenwood picnics and at Graham Chautauqua, where these babies were weighed, measured and conferences were held with the parents. If necessary, were advised to consult their family physician.

These infant clinics have been very successful.

Total attendance	503
Consultations (mothers)	342
Home visits	210

Corrections.

We have been able to have many physical defects corrected. Parents have co-operated with us in getting the following defects corrected: Adenoids, enlarged tonsils, defective sight, hearing and defective teeth.

Hygiene of Maternity.

Twenty-one home visits have been made by the nurses to confer with expectant mothers. These visits consist of pernatal and postnatal work. These mothers were supplied with literature.

General Sanitation

Frequent visits have been made to surrounding towns to investigate nuisances and with a view to bettering sanitary conditions in regard to the disposal of human excreta and a better water supply.

School Surveys

The School survey of the rural schools showed a large percentage of unsanitary toilets, poor and inadequate heating and lighting of schools, poor water supply or none at all. Through the cooperation of the County Superintendent of Schools, who refers all questions of sanitation and hygiene to this department, we have been able to get many improvements made in the rural schools in the county. Total number of sanitary toilets installed 67

County Superintendent Somerville will not accept any school for approval unless they have the sanitary toilets, which have been approved by the Nodaway County Health Department. Many school buildings have had repairs made and refinished on the inside with a grayish-blue side wall and white ceiling, which improves the lighting. Window shades have been provided. Water supplies have been protected. School grounds cleaned up.

We have cooperated with the Elmo Consolidated School Directors in planning a new modern up-to-date school at Possum Walk, one of their ward schools. This school is modern in every way and has the sanitary pitt toilet and the water supply is protected.

Champion Hill, one of Parnell Consolidated Schools, has been changed from the old cross lighted school to one of modern lighting, with windows all on one side. Also, the school at Gaynor has been rebuilt to meet modern requirements of lighting.

These schools are mentioned on account of their former condition and which shows that by little expenditure of money most of our rural school buildings could be converted into a modern school.

Total School Surveys	203

Vital Statistics:

In September the Health Officer was appointed Local Registrar of Polk Township and Deputy State Registrar of Vital Statistics for Nodaway County. By this means we are a clearing house for all death and birth certificates in the county and have a better chance to tabulate the statistics of the county.

Summary Financial Statement, 1922

Funds appropriated by County Court:

One-half Joint Budget	$ 5,000.00

NEW SCHEDULE IS ARRANGED FOR HIGH SCHOOL CLASSES

A temporary schedule has been arragned at the high school by L. D. St. Clair, principal, for next semesters work which starts January 22. It has been arranged carefully so as to avoid conflicts although it is expected to be changed considerably before put into operation.

A new feature to the schedule is the fact that the third hour is arranged as a vacant period for all of the students. It is at this time in which all assemblies, class meetings and other activities will be held. This is a new feature in the school's work and it is designed to do away with the numerous special assemblies and class meetings which are called after school.

All clubs and organizations will be given a certain day each week in which at this third hour they may hold their meetings.

In order to carry out the full schedule all of the classes will be shortened five minutes and in this nine periods a day will meet.

$15,000 TAKEN BY BANDITS FROM HINTON, OKLA. BANK

Hinton, Okla., Jan. 9—Four bandits today robbed the First National Bank of Hinton and escaped with almost $15,000 in Liberty Bonds and bank notes. Three tellers of the bank were forced into a vault.

Mrs. Bohm Leaves

Mrs. Henry Bohm left yesterday for her home in Denver, Colo., after a holiday visit at the home of her daughter, Mrs. Ferdinand Townsend, and Mr. Townsend. She was accompanied to St. Joseph by Mr. and Mrs. Townsend and Mrs. E. L. Townsend, who motored down for the day.

Where Extra Service is Demanded Firestone Cords Predominate

WHEREVER the exactions and tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires that today Most Miles per Dollar is the buying slogan of thinking motorists everywhere.

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have been developed by men whose life work is the production of constantly increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Make Most Miles per Dollar your principle of tire economy — choose your next tire on that basis.

FIRST WITNESS ON STAND IN THE TEXAS, "SCISSOR MURDER

Mrs. M. M. Saldino, States Star Witness Testifies She Heard Couple Quarreling Before Murder

San Antonio, Tex., Jan. 9—Mrs. M. M. Saldino, the states star witness in the prosecution of C. G. McDaniels for the alleged "Scissor murder" of his attractive young wife on November 12, was questioned on the witness stand. She was the first of twelve witnesses summoned by the district attorney in an effort to send McDaniel to the gallows. Mrs. Saldino testified that she had heard the young couple quarreling three times on the day of the murder. During the last quarrel she said that Mrs. McDaniel was sitting on the front veranda court nursing her baby. She testifies that she saw McDaniels over the prostrate figure of his wife with a pair of scissors and heard the words, "Don't honey, don't, you are killing me." Court adjourned today at noon with no others called to the witness stand. There was no cross examination.

Undergoes Appendicitis Operation

Miss Clara Crane of Burlington Junction, who is a student at the University of Missouri, underwent an operation for appendicitis Sunday at the Parker Memorial Hospital in Columbia. Her mother, Mrs. A. B. Crane of Burlington Junction, was summoned to Columbia by her daughter's illness.

PAULINE KELLOGG, BEAUTY SPECIALIST, BACK TO K. C.

Mrs. Pauline Kellogg, who installed a Beauty Shoppe at the Yehle Dry Goods Store several weeks ago, returned this morning to Kansas City to give her personal attention to the shop which she operates there. Early in the spring she expects to open a beauty college in Kansas City. Miss Rose Flannigan and Mrs. Katherine Dalrymple, who have been assisting Mrs. Kellogg in the operation of her shop here, will remain in Maryville.

PHYSICIANS ADVISE
A Real First-Aid Method To Relieve and Break Up Colds.
HOT MEDICINAL TEA
To Stimulate the Circulation, Heat Up the Chilled Blood and Flush the Waste poisons From the Intestines and Bowels.

It is a recognized fact that hot medicinal herb tea is one of the very best home remedies to use to assist in breaking up colds which when neglected often develop into influenza, pneumonia or other serious sickness. It is old fashioned of course, but nevertheless its effectiveness is readily admitted everywhere today.

Many physicians now advise their patients to always have on hand a supply of medicinal tea for emergency purposes.

Harsh, drastic, habit forming drugs should be avoided. The risk to one's general health is too great, because certain drugs have a tendency to depress the heart action and disturb the nervous system.

Millions of people all over the world are today using Bulgarian Herb Tea as a reliable first-aid to help break up colds, and also to keep the intestines and bowels cleansed and free of the waste poisons that so often cause sickness and ill health.

Bulgarian Herb Tea is prescribed by many physicians, and druggists everywhere honestly recommend this pure healthful laxative tea tonic to their customers. Why not see your druggist at once and get a small package for emergency purposes? You or some other member of your family may need it to help fight a cold this winter.

WOMAN SO ILL COULD NOT WORK
Gained Strength, Weight and Now Doing Own Work, by Taking Lydia E. Pinkham's Vegetable Compound

Marion, Ind.—"I was all run-down, nervous and bent over. I could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told my husband about his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much. I sure am glad to recommend the Vegetable Compound to any woman who suffers from female ailments, for I know by experience what it can do. I have used Lydia E. Pinkham's Sanative Wash, also the Liver Pills, too, and think them fine."—Mrs. WM. ELDRIDGE, 620 E. Grant Street, Marion, Indiana.

A record of nearly fifty years service should convince you of the merit of Lydia E. Pinkham's Compound.

REV. R. E. SNODGRASS TO GIVE H. S. BACCALAUREATE SERMON.

The Rev. R. E. Snodgrass of the Christian Church, will give the baccalaureate sermon to the advanced senior class of 1923 Sunday night. The baccalaureate services will be held as a union church service at the First Christian Church. The graduation exercises will be held at the High School auditorium the latter part of next week. These include the class play and the commencement exercises.

A Trusty Escapes.

Leavenworth, Kan., Jan. 9.—Jesse Twiss, an Indian trusty at the penitentiary here, escaped today.

Mrs. Mary Wyatt Moore returned Saturday evening from a six weeks' visit in Fort Scott, Kan., at the home of her daughter, Mrs. P. R. Osborne.

CORN SHOW AT FARMERS' WEEK

Missouri Corn Men to Compete for $1,500 Cash Prizes

State-wide interest centers in the 20th annual state corn show which is a feature of Farmers' Week, January 15 to 19, at the Missouri College of Agriculture.

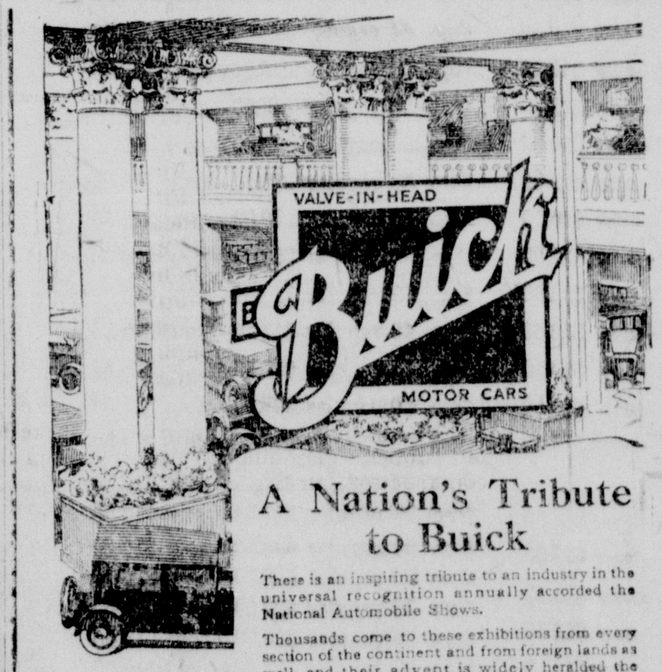
Nine beautiful and useful trophies, two gold watches and three gold medals will be awarded as sweepstakes and championship premiums. These, in addition to $1,575 in cash prizes, make a show in which there is a reward for all who will put forth a serious effort.

The beautiful silver trophy awarded by the State Board of Agriculture, known as the State Trophy stands nearly 30 inches in height and is one of the finest ever offered in any corn show, state or national. It is awarded annually for the grand champion ten ears of the show, and the winner's name is engraved on it each year, the trophy remaining in his possession until the next show.

A very handsome trophy known as the Young Farmers' Trophy, is offered by the Missouri Ruralist of St. Louis to the boy who wins the championship in the 10-ear class. When this trophy has been won twice by the same person it becomes his permanent property.

The Association Trophy is presented by the Missouri Corn Growers' Association for the grand champion single ear.

The Ruralist Trophy is presented by the Missouri Ruralist for the best acre of corn in the boy's contest. It becomes the permanent property of any one who wins it twice.



A Nation's Tribute to Buick

There is an inspiring tribute to an industry in the universal recognition annually accorded the National Automobile Shows.

Thousands come to these exhibitions from every section of the continent and from foreign lands as well, and their advent is widely heralded the world over.

In the twenty-third National Automobile Show, just opening in New York, and later in Chicago, the nation is provided with a display of its chief means of personal transportation. This display is so complete and so magnificently set forth that all who come may easily carry away a perfect picture of the latest accomplishments in motor car building.

Year after year the national shows receive the homage of the entire country. Year after year they mark by their own increased magnitude and splendor, the increased growth of the automobile industry.

In occupying first place at both national shows for the fifth consecutive year, Buick continues the position in the industry awarded it by universal public opinion. D-15-24-NP

HISTORY'S MYSTERIES

WHAT BECAME OF A. T. STEWART'S BODY?

WHEN Alexander T. Stewart died, on April 10, 1876, in New York city, he was credited with being one of the richest merchants in the United States, for his wealth was estimated at more than $40,000,000, including real estate which, alone, was assessed at over $5,000,000. The bulk of his estate was bequeathed to his widow, with a million dollars as a personal gift to the executor, Henry Hilton. The Stewart funeral, culminating in the interment of the body in St. Mark's churchyard, New York city, was one of the largest and most impressive ceremonies of its kind ever held in the city—and then, some two and a half years later, Judge Hilton, the executor of the Stewart estate, electrified the police with the announcement that the grave had been rifled and Mr. Stewart's body stolen.

Upon examination, it developed that an even greater mystery surrounded the affair than appeared upon the surface. During the early autumn of 1878, Judge Hilton, learning that the grave had been slightly tampered with and fearing the depredations of ghouls, had caused the Stewart headstone to be removed to another portion of the plot, although it was not thought wise at that time to disturb the remains. The knowledge of this change was confined to four persons, but notwithstanding this, the excavation had been made with almost mathematical precision, the earth having been cut away straight down to the leaden case which enclosed the coffin. This case had been opened, the lid of the coffin had been unscrewed and the body taken out—presumably being carted off in a wagon of which the tracks were still visible nearby.

The most searching inquiries on the part of the police failed to reveal anyone who had seen the grave-robbers at work, for they had chosen a stormy night and it was not until several hours after daylight that the watchman had discovered the looting of the merchant's grave. The ghouls had left behind them only a newspaper, an iron shovel and a bull's-eye lantern—none of which bore any distinguishing marks, nor could they be traced by the detectives assigned to the case. It appeared to be impossible that the body of a dead man could be carried across New York city without attracting the slightest notice or that it could be re-interred or concealed without detection—but this is precisely what took place, for nothing definite was ever learned of the fate of the remains.

Judge Hilton refused to countenance overtures for the return of the body, declaring that neither he nor the estate would be blackmailed and, when a reward of $25,000 was finally offered it was made with the distinct understanding that it was not for the body itself but for information which would lead to the detection of the persons who had committed the depredation. The executor of the estate advised Mrs. Stewart to have no dealings whatever with the men who had stolen the body of her husband and the widow, who is said to have been extremely affected by the blow, followed this advice during the ten remaining years of her life.

Some time after the violation of the sanctity of St. Mark's churchyard, the impression was allowed to gain prevalence that the body had been recovered and that it had been reinterred in the vault of the beautiful cathedral at Garden City, Long Island. But those who attempted to secure proof of this report found that they were blocked at every turn and the question of who stole the body of A. T. Stewart and what disposition was made of it remains unsolved to this day.

Life of a Five Dollar Bill.

Paper money wears out rapidly and has to be replaced frequently. The life of a $5 note, for example, is on the average about ten months, and in New York city is about two months less than the average, owing mainly to the more rapid rate at which it circulates. This same tendency is seen in the higher rate at which bank deposits turn over in New York city than in other parts of the country.

The work of keeping the paper currency in good condition is done very largely by the Federal Reserve banks, which in the course of their daily business handle all forms of currency and coin, eliminating that which is unfit for further circulation. This service is a large item in their annual costs of operation. Last year, for instance, the supply of currency and coin caused an expenditure of the Federal Reserve Bank of New York amounting to about $2,875,000, of which somewhat more than one-third represented the cost of printing new Federal Reserve currency to replace worn notes in circulation and to increase supplies unissued and on hand.—Federal Reserve Monthly Review.

Motor Fuel From Weeds.

Prof. Malthe Toulouse believes that thousands of common weeds can be made to yield petrol containing large percentages of benzine and toluene. His process also produces a gas said to have developed 20,000 heat calories, which alone would pay for the necessary plant installation.—Scientific American.

20th CENTURY CLUB TO SPONSOR BOOTH TARKINGTON'S "PENROD"

The Music and Literature Department of the Twentieth Century Club will sponsor the Marshall Neilan production of Booth Tarkington's famous novel "Penrod," which will be shown at the Empire Theater Monday and Tuesday, January 15 and 16. In connection with the picture Monday night Mrs. F. P. Robinson will sing and Miss Blanche Dow of the Dramatics Department of the State Teachers College will read "Hiawatha." Miss Dow will repeat the reading of "Hiawatha" on Tuesday night and Mrs. Fred R. Wolfers, colorature soprano, will give a selection.

GUILFORD COACH ASK FOR CORRECTION IN B. B. STORY

Says His Center Held Man to 2 Goals —Story Probably Was Mis-read

Harry M. Kissinger, superintendent of the Guilford Public Schools has written the Democrat-Forum asking that a correction be made in regard to the Maitland-Rosendale basketball story appearing in Saturday's paper. Mr. Kissinger writes.

"In the article about the Maitland-Rosendale game of Friday night, it was stated that Hewitt of Rosendale was held down to nine field goals, the lowest number made by him this season. In their game with Guilford High School on November 20, our center held him down to two field goals."

The information for the story in Saturday's issue came from Henry Sawyers, coach of the Maitland team. It is possible that the point in question in this story has been mis-read. The following is the sentence in question taken from Saturday's paper.

"Maitland was especially strong on defense, holding the Rosendale forwards and their star center, Hewitt to nine goals, the fewest they have made this year." This means a total of nine goals for both the forwards and center.

MINISTERIAL ALLIANCE SAYS THAT WED. IS CHURCH NIGHT

Resolution Says That Church Night Should be Respected in Dating Other Activities

At a meeting of the Ministerial Alliance, held January the fifth, last, a motion was made and unanimously adopted which seeks for a cooperative understanding between the churches of Maryville and other organizations and societies, social and athletic activities in their week day programs.

The motion follows: "That the chair appoint a committee to take steps to call atention to the fact that Wednesday night is supposed to be Church Night, and to see, that as far as possible, the churches and all other organizations and activities have respect for this program."

We are reminded that about two years ago such steps were taken by all concerned, as to designate Wednesday night "Church Night." The thought being, if the churches would arrange their week night programs to come on Wednesday evening, and if all other activities would regard this as belonging to the churches and arrange their programs to come on the other five evenings of the week, we could, by this understanding, so cooperate as to avoid much inconvenience to the churches and other organizations and activities as well.

It seems necessary to remind ourselves of the previous understanding, or agreement, in as much as there are signs of a tendency to disregard it on the part of the churches as well as other activities. We hope to be able to get together on this, for in understanding there is cooperation; and in cooperation there is pleasure and joy in service. Otherwise much grief.

Mrs. F. C. Spargur and son, Robert, of St. Louis, arriced in Elmo this morning for a visit at the home of her parents, Mr. and Mrs. W. F. Wiley.
